3-9849-01 Manual Stage LS-4047-S1

Order No.	3-9849-01
Model No.	LS-4047-S1
JAN Code	4589937512689
	JPY: 23,000
	USD: 152.96
Standard price	
	Exchange rate 1USD= 150.37JPY Valid price in Japan
Quantity	1piece

Features

- The HG-VCR system uses aluminum alloy as the main material for a stage that is both rigid and lightweight.
- There are standard types and target types, and symmetry can be configured.
- There are feed screw, standard micro and fine pitch micro.
- It is widely used for precision positioning applications such as cameras, sensors and workpieces.

Spec

- Stage surface (mm): 40 x 40
- Weight (kg): 0.13
- Material : Aluminum alloy (Black alumite satin finishing)
- Move Direction: X Axis 1 Direction
- Clamp method: plate clamp
- Transfer amount: ± 6.5 mm
- Transfer amount (1 turn of knob): 0.5mm
- Eye volume: Micrometer type 0.01mm
- Moving precision: straightness (horizontal and vertical) 0.002 mm

» Package size : 190×190×100 mm 1 kg
