Riveted pivots and rod:

Galvanized steel or **AISI 316 stainless steel**

Swinging pivot:

Galvanized steel or **AISI 316 stainless steel**

Handles:

Red polyurethane resistant to oils, grease and other chemical agents.

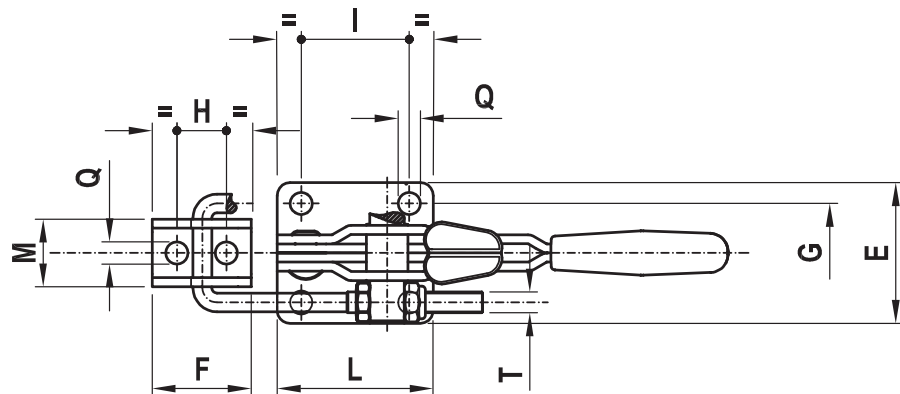

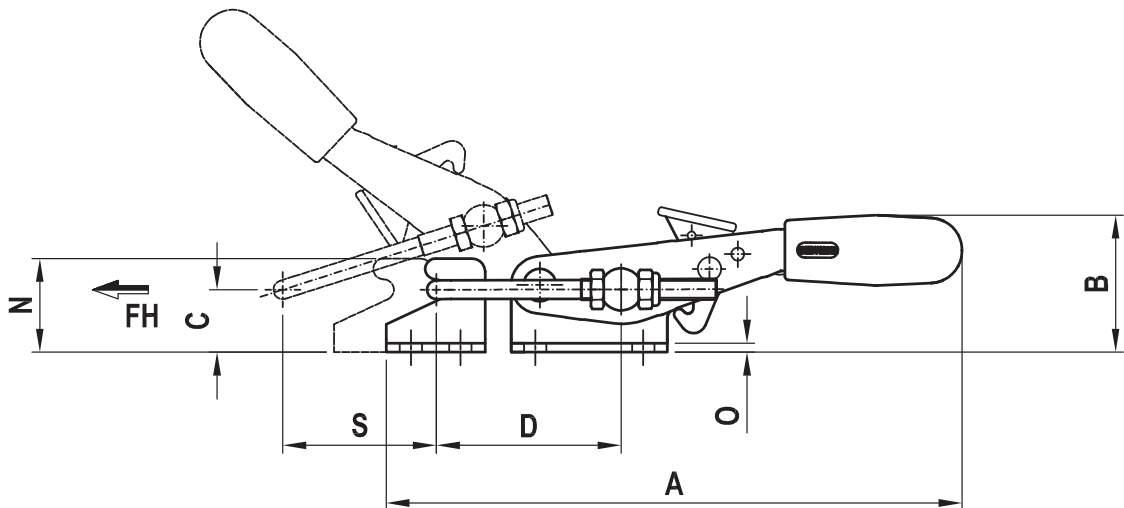

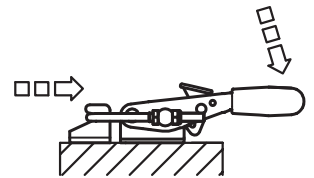

Performance:

The tool comes with a double rod, bracket and nuts

Features and applications:

The main feature of this series is the special anti-release lever with the purpose of avoiding any accidental openings caused by vibrations.

The tools of this series ensure a perfect closing of lids. The support base is perpendicular to the force line of action. In the closed position, the control lever is parallel to the support base. A special grease is placed between two contacting surfaces during assembly.
